A History of Firsts

When A.J. "Al" Amatuzio introduced AMSOIL synthetic motor oil in 1972 – the first synthetic motor oil in the world to meet American Petroleum Institute service requirements – it set all-new standards for motor oil quality. AMSOIL synthetic motor oil outperformed conventional petroleum motor oils on all counts. It was clear from the start that this innovative product would play a major role in engine performance and engine life.

Today, virtually every other motor oil manufacturer has recognized the superiority of synthetic lubricants and has followed the AMSOIL lead with introductions of synthetic motor oils of their own.

Personal Sales

As an AMSOIL Dealer, you purchase AMSOIL products at Dealer cost and sell them at the suggested retail price. Your income starts building immediately with retail profits and commission bonuses.

Catalog Sales

Dealers distribute AMSOIL catalogs, and AMSOIL INC. takes it from there. AMSOIL takes the order, ships the product, bills the customer and collects the money. Dealers collect the retail profits and the commissions.

Internet Sales

Dealers link their websites to the AMSOIL corporate website, or purchase ready-made AMSOIL websites. This allows customers to purchase products through the AMSOIL Online Store, and Dealers get the retail profits and commissions.

Building Your Business

You can expand your AMSOIL Dealership and increase your income potential by recruiting your own personal group of AMSOIL Dealers. AMSOIL pays you commissions on their sales.

Retail and Commercial Sales

Retail accounts are retail outlets such as quick lubes, powersports dealers, auto parts stores and hardware stores. These stores stock AMSOIL products on their shelves to sell to their customers. Commercial accounts are businesses that have vehicles, equipment and machinery that use the quality lubricants and filters available in the AMSOIL product line, but do not sell them. Once you've registered one of these accounts, AMSOIL extends credit, takes orders, ships product, invoices product and collects payment. AMSOIL then sends you your monthly commission earnings from the account.
